Although much of this year's corn crop is not yet planted, owing to the lateness of the season, speculators have already appeared in Central Kentucky and are buying up the 1908 crop in advance at a figure that indicates the farmers will have no cause to complain of the low prices of this staple this year.

Mr. T. Neal Hubbard, Maysville's leading male pianist, has composed a very exquisite waltz for the piano which has been published and is now for sale in the leading music stores. The title of it is "Kentucky Belles" and the melody is catchy and tuneful. THE PUBLIC LEDGER thanks Professor Hubbard for a copy.

Suit was filed in the Circuit Court at Lexington by ten contract holders of the Standard Trust Company of Birmingham, Ala., asking for a Receivership for the Trust Company and that all funds in possession of the Company be set aside for use of the beneficiaries under the contracts. All charge fraud and false representation.

CHILDREN HAVE RIGHTS

As Well As Grown-Ups Declares the Kentucky Court of Appeals

Holding that transportation companies are under peculiar obligations to care for the children who are their passengers, the Court of Appeals affirmed the judgment of the Kenton Circuit Court in the case of the South Covington and Cincinnati Street Railroad Company against Catherine Quinn, which awarded damages to the child amounting to \$425.

The child, while but eleven years of age and a resident of Ludlow, took a car on the railroad for Newport on her way from school, and the Conductor, notwithstanding her repeated requests for a transfer, made her get off the car in Newport, saying to her in an insulting

manner: "Get off; I haven't time to bother with you."

It was dark when the child left the car and being some distance from home, became frightened and ran most of the way home, requiring one hour and a half to make the journey. She was sick for several weeks thereafter, and when she recovered and sued for damages she secured a verdict of \$425.

The New York bucket shop bill was signed by Governor Hughes.

During the closing hours of the Legislature a bill was passed, which makes certificates to teach school, for three and five years, good throughout Ohio, if accepted by County Boards of Examiners. For years the teachers have justly complained (because of the frequent examinations required. Teachers of 10 and 20 years and even longer experience have been compelled to take the examination year after year.

CAMP MOVED IN BRACKEN.

AUGUSTA, Ky., May 22d.—Preparations are being made to move Camp General Johnston from the farm of Lewis Kinney to the farm of George W. Kinney, one mile South of Brooksville. General Williams does not like the present location, there being a lack of water, and he also wants to get nearer to the center of the county.

Equity News

The Society of Equity having disposed of a large amount of the pooled tobacco, needs more room in which to have it sampled. We have rented to them our warehouse, and are therefore compelled to move the vehicles we have stored there to our salesroom at the store. This crowds us very much, and for that reason we are beginning today, May 20th, the biggest vehicle sale ever held in Maysville. We need the room, and, incidentally, the money, and now is your opportunity. Everybody knows that Mike Brown's Buggies are the best made, and that his word is as good as his bond, and when he tells you the rig will stand up and wear you may depend on it. If you are in need of a Buggy, Runabout, Surrey or Phaeton this should interest you.

FARMER MURDERED

Body Found in Roadway—Troops Sent From Frankfort to Investigate

FRANKFORT, Ky., May 22d.—A squad of mounted Frankfort soldiers were hurriedly ordered out at midnight last night and rode toward Shelby county. The hurried departure of the troops threw Frankfort into a state of alarm, as it was thought the night riders were approaching the State Capital. The squad was commanded by Captain Carl Norman. Adjutant General Johnston declined to tell where the troops had been sent, but stated that he had received information that a raid had been planned and prepared to have troops on the scene and if possible catch the raiders.

News reached here this morning that N. B. Hazelitt, a Shelby county farmer, was found dead in the road early this morning, with a pistol in his hand and a blanket and an empty rifle cartridge near him. Whether he was killed by night riders or soldiers has not been ascertained up to noon today.

LATER—Adjutant General Johnston says the facts as detailed to him from reliable sources show that Hazelitt was killed with a shotgun, and that he was a member of the night riders. The soldiers were not near the scene of the killing and knew nothing of it till long after it happened.

WHIPPED A WOMAN.

MORGANTOWN, Ky., May 22d.—Masked men called at the home of Mrs. Haynes, a widow, took her out and whipped her. They then went to Cut Johnson's house, dragged him out and whipped him. Warrants have been issued for four suspects.

Nothing will teach him political wisdom. His head is not built to hold it. His processes of thought do not yield it. He cannot think right on the great concerns of political policy and statecraft. Doubtless he would if he could, but the power has not been given him. What

An Impartial

has been given him is a remarkably strong, enduring body, a magnificent assurance, an engaging manner and a wonderful gift of speech. He is full of talent; he makes many friends; he is one of the best talkers in the world. These gifts have won him the leadership that he enjoys. He is a great fellow, is Dr. BRYAN, but he is not a great statesman and never will be. He is a fair moralist, a great entertainer, and would probably have made a notable Preacher or an extraordinary actor. That he has great gifts is indisputable; that he has great personal attractiveness is evident. So also is it evident to any thoughtful student of his record that he is unfit to be trusted with the great responsibilities of the Presidency.—Harper's Weekly.

A clergyman took down a small volume. "This is called," he said, "the 'Instructions of Ptah-hotep.' It is one of the very oldest papyrus writings known. It gives among other things advice to husbands and that advice is as good today as it ever was. Listen." And he read:
"If thou be wise, furnish thy house well.
"Woo thy wife ever, and never quarrel with her.
"Nourish her daintily.
"Deck her out, for fine dress is her greatest delight.
"Feed her upon sweets.
"Perfume her.
"Make her glad with praise.
"Adorn her with jewels, feathers and the skins of beasts as sumptuously as thy purse will suffer."

SCHOOL GIRLS

Most of our ambitious young American girls work too hard at school.

Many teachers have little or no judgment about pushing a child beyond her endurance. They ought to know that girls especially have a danger period. Often, too often, utter physical collapse is the result, and it takes years and years to recover lost vitality.

Many a young girl has been helped over this critical period, and been prepared for a healthy womanhood by **LYDIA E. PINKHAM'S VEGETABLE COMPOUND**

Miss Elsie L. Hook, of Chelsea, Vt., writes to Mrs. Pinkham:

"I am only sixteen years old, but I want to tell you that Lydia E. Pinkham's Vegetable Compound and your advice cured me of sideache, periodic pains and sleeplessness, also of a nervous, irritable condition after everything else had failed, and I want to thank you for it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

The alarm of fire yesterday afternoon was
caused by a blaze at the Chinese laundry in
Market street. The fire started from a spark
falling on the roof, causing the dry shingles
to ignite. Fortunately it was discovered in
its incipency by Charles Cooper, colored, who

of the New Capitol

FRANKFORT, KY., May 22d.—In the selection
of the furniture to be used in the Court of Ap-
peals chamber in the new Capitol, the Judges
of the Court will be invited to meet with the
Capitol Commission and advise them as to
what is needed by them.

The Capitol Commission was to have met to-
day with Frank M. Andrews, the present archi-
tect of the building, but he was not able to be
here on account of a business engagement, and
no meeting of the Commission was held. Mr.
Andrews has prepared plans and specifications
for the power-house.

Under the plan suggested by Prof. Paul An-
derson of the State University, the power-
house can be completed and all the machinery
installed within ninety days from the time
ground is broken, and it is probable that his
plans will be adopted.

While the work on the power-house is in pro-
gress the Commission will be buying furniture
and getting things ready to occupy the new
building. The machinery needed in the power-
house will be ordered before anything is done
on the power-house, and it is hoped that work
can begin not later than July 1st. The ma-
chinery is not of a special kind and can be sup-

PARTLY A BLUFF

Is Criticism of Trust's Purchase of
Equity Tobacco

LEXINGTON, KY., May 21st.—Thirty-one of
the 1,000 hogheads of tobacco purchased by
the American Tobacco Company from the Bur-
ley Tobacco Society in March were inspected
and shipped to the warehouse of the Company
in Louisville today.

"It is our opinion," said Secretary J. D.
Clark of the Fayette Board of Control, "that
the American Tobacco Company made this pur-
chase for the purpose of getting a line on the
amount and quality of the tobacco in the
Equity pool, for their people went through
every hoghead we have in storage. They
want the tobacco we have, all right, but they
do not seem to want to buy it directly from us.
This 1,000 hogheads purchased was sort of a
bluff."

U. S. MARSHAL

Emmett Orr Has Exciting Chase
After a Towboat

Deputy United States Marshal Emmett Orr
of Covington had an exciting chase after the
towboat Monitor in serving an attachment
Thursday afternoon. Three deckhands—Henry
Tuff, George Little and John Williams of Pitts-
burgh—brought proceedings before United
States Commissioner J. W. Menzies to recover
wages amounting to \$39, and the papers were
turned over to Orr. The latter went to the
Independent Coal Landing at Ludlow and
found the boat had just started for Pittsburgh
with a tow of empty barges.

Orr secured a gasoline launch and started in
pursuit. When he reached Dayton, Ky., the
launch broke down. He secured another launch
and resumed the chase. He caught up to the
boat at Fort Thomas and delivered the papers
to Captain Joseph Kitchell. He paid the claim
and the case was dismissed. The Monitor is
owned by the Diamond Coal Company of Pitts-

Keep Your Bowels Open

A Safe Certain Home Remedy that is Sold
By All Druggists

A fact any doctor will verify is that
constipated people suffer most from dis-
ease. Regular bowel action is absolutely
necessary to health. People who are
constipated either part or all of the time
must use something to make their bow-
els move. This should not be a violent
purgative or a cathartic that merely
tears its way through the bowels empty-
ing them of waste matter for the time
but leaving them in a weakened state
that prolongs the constipated condition.
Dr. Caldwell's Syrup Pepsin is an easy,
pleasant, natural laxative that removes
the waste matter and establishes regular,
daily movements without pain or gripe.

Children and delicate women should
never be given strong physic for it not
only weakens the bowels but the entire
system. Dr. Caldwell's Syrup Pepsin
serves as a tonic and an aid to digestion
as well as a laxative that is certain in its
effect upon the most obstinate old cases
and yet safe and pleasant for a baby.
With the first few doses the ill effects
of constipation, such as dyspepsia, indi-
gestion, liver trouble, biliousness, flatu-
lency, sour stomach, sick headache, bloated
stomach, etc., quickly disappear. It
is a remedy that should be in every home
for every member of the family at some
time has need of a safe, sure laxative.

Mrs. J. C. Cooper, Chicago, Ill., writes:
"I use Dr. Caldwell's Syrup Pepsin for
myself and family. I keep it on hand
constantly, as I find it to be a most pleas-
ant laxative and is all you claim for it."
Sarah J. Houser, Eureka Springs, Ark.,
says: "I would have been dead had it
not been for Dr. Caldwell's Syrup Pepsin.
It is the best medicine I ever used for
constipation, indigestion and biliousness."
M. R. Zerkel, Troy, Ohio, considers it
the best known laxative for children.

We are glad to send a free sample to
any one who has not used it and will give
it a fair trial. Write today to Peppin
Syrup Co., 305 Caldwell Bldg., Monticello,
Ill. All druggists sell it at 50c and \$1.00
per bottle.
